# GENUINE WOOD

OFTEN IMITATED, NEVER EQUALLED.

Luxurious, **natural texture**.

**Look** and **uniqueness of a grain** pattern that is exclusive to genuine wood.

Noble material that **enhances the beauty and value** of any property.

**Long lasting** and **eco-friendly**.

**Insulation and soundproofing** properties that surpass all synthetic siding.

**Easy maintenance**, simple to fix if damaged.

## OUR WARRANTY

BRINGING YOU PEACE OF MIND

**SIDEX** applies strict standards in selecting the lumber and controls its parameters throughout all of the processing and manufacturing operations in order to guarantee that every application is done under the best conditions.

**SIDEX** does not compromise when it comes to selecting and applying protective coatings, so that our finished products will meet and exceed industry standards.
